**516 ELITE VOLLEYBALL WEBSITE:** www.516elitevolleyball.com
Our website is the best source of information regarding our club.

## **BENEFITS OF CLUB VOLLEYBALL**

While the high school volleyball season lasts only a little over 2 months, club volleyball gives a player the opportunity to play organized volleyball for at least 5 months from December through April. Participating in club volleyball gives players the opportunity to improve their volleyball skills and compete against quality competition. Participation in club volleyball enhances the development of a solid work ethic, discipline, responsibility, independence, self-esteem, leadership, teamwork, self confidence, sportsmanship and team commitment. Club volleyball also offers a player the opportunity to continue to develop volleyball skills while developing friendships and relationships with players from outside their high school teams. Participation in club athletics can improve the connection between academic success and athletic commitment by developing organizational and time management skills.

Club volleyball programs and players have become so successful that most college coaches recruit primarily from club teams during the club season, as coaches can observe many talented players in one location as opposed to visiting one player at a time in the high school ranks. Most college programs seek potential recruits with club training and competition as a prerequisite. Most high school players join club teams in order to improve their skills and increase their level of competition.

#### TRYOUTS AND TEAM SELECTIONS

Players will participate in drills and games coordinated to give coaches the best chance to evaluate a player's skill, ability and potential for development. Selections of players for our club teams are based on the player's performance at tryouts and the player's potential for development of skills. Coaches will be observing each player's skills, attitude, game performance, competitiveness and potential. In rare cases and according to age guidelines, a player may be moved from one team to another within the club based on commitment level, position, the addition and/or loss of a player from another team. This may happen at the discretion of the coaches and directors.

# **PRACTICES**

Players should make every effort to manage school work and outside activities to avoid missing practices, but it is understandable that an illness, injury or emergency may arise. If a player is unable to attend a practice, it is expected that the player will notify the coach or director in advance of the practice. Players who are sick/contagious should not attend practice. Players that are injured are expected to attend practice even if unable to participate physically. By attending practice, injured players will gain by learning from the coaches.

#### **TOURNAMENTS**

- All players are expected to attend every tournament. Players must notify their coach of any potential absence as far in advance as possible.
- Failure to attend a tournament or complete a tournament without prior notice/approval may jeopardize a player's position on the team.
- All players must wear the matching uniform color that is chosen in advance of each tournament.

- All players are expected to be in the gym and ready to warm up at the scheduled arrival time.
- Players will be expected to perform scoreboard, line judging and down ref responsibilities as assigned by the coach at each tournament.
- Players will remain with the team at the tournament until released by the coach and are expected to clean up their bench and camping area prior to departure.
- 516 Elite Volleyball reserves the right to bring up players in any tournament to add to or complete a full roster.

#### **OVERNIGHT TOURNAMENTS**

Parents will be responsible for providing transportation for players going to and from tournament sites.

#### POST REGIONAL TOURNAMENTS

Some of our club's teams may qualify for or play in additional tournaments that are not included in the regular club season and are not covered by normal club fees, such as USAV or AAU Nationals. Participation in these events will be based on the interest of the team's players/parents/guardians and will be an additional cost.

\*\*\*One of the goals of our Black level teams is to win a bid at the GEVA Regional Championship to qualify for USAV Junior National Championships. Our Black level teams are to understand as part of accepting a team spot that they may qualify for post-Regional tournaments(Such as USAV or AAU Nationals) and understand that all costs of these additional tournaments are the responsibility of the player/parent/guardian. 516 Elite Volleyball will assist in parent-organized fundraising efforts where possible.

#### **OFFICIATING TRAINING**

At tournaments, teams take turns providing scorekeepers, scoreboard operators, lines judges and down referees to cover matches. As such, all players not currently certified will be required to take an online officiating training course to learn necessary officiating skills. Details will be provided by the director after team selection. PLAYING TIME It is the goal of 516 Elite Volleyball to perform competitively and successfully at every tournament. Playing time must be earned and is not guaranteed for any individual on any team or at any tournament. Coaches will take many factors into consideration when deciding playing time. Coaches will consider player skill/ability, level of effort/participation, attitude, attendance at practices & tournaments, and individual position. All team members will see playing time at each tournament(subject to disciplinary action), but not equal time. Players are not guaranteed playing time. Playing time is at the discretion of the coach.
